INSTRUCTIONS FOR COMPLETING THE MEMORANDUM OF DISPUTE

General

The memorandum of dispute procedure only applies to members of the Service Union United PAM working for member companies of the Finnish Commerce Federation where the employment relationship is subject to the Collective agreement for Retail Logistics Supervisors.

Disputes regarding the working and wage conditions of clerical employees should primarily be resolved in the workplace in compliance with the local order of negotiation set out in Section 7 of the collective agreement. Each party can avail itself of its own union's advisory services during workplace-specific negotiations. The purpose of any support or advice that may be provided by unions is to help the negotiations to flow smoothly and identify a solution to the dispute within the workplace.

The memorandum of dispute should only be completed after a sufficiently thorough local negotiation when the parties wish to have the dispute settled at union level.

Subject of the dispute

The subject of the dispute is described in brief by way of a title, such as the requirement to pay wages during sick leave.

The agreed course of events

The undisputed facts underlying the dispute are described under the course of events. This statement accelerates the unions' handling of the matter as it provides the handling personnel with a rapid overview of the events without them needing to request further clarification. These undisputed background details should be brought to the fore by both parties when requesting their own union's views on the events.

The claims of the local parties, with detailed grounds

The clerical employee must present his/her own detailed demands and grounds for these demands during the local negotiations. The employer's response and grounds for the response are reviewed during the negotiations.

Sending the memorandum to the unions

If the memorandum is not sent to the unions electronically, the parties shall deliver the memorandum with appendices to their own unions.
